

Calling All Star Recyclers!

Does your Hanover Township business shine in recycling? Does your company go above and beyond the requirements to reduce, reuse and recycle? Are you notably green?

If you answered “yes” to any of these questions, we want to know more. The Township of Hanover takes great pride in nominating our businesses for Morris County Recycling Awards, and looks for star recyclers and environmentally friendly companies to showcase. Some of our past winners include the following companies: Lucent Technologies, Cadbury, Suburban Propane, Communication Techniques, The Body Shop, and GE Aviation Systems.

Please join our team of all stars by e-mailing Robin Dente, Assistant to the Township Business Administrator, at Rdente@hanovertownship.com to share your recycling success story.

We look forward to hearing from you!
